

### DECLARATION FOR PATENT APPLICATION

As a below named inventor, I declare and believe that I am the original, first and either sole or joint inventor(s) of the subject matter which is claimed and for which the patent is sought on the invention entitled:

In Situ Subsurface Decontamination Method  
the specification of which is attached.

I have reviewed and understand the contents of the above identified specification, and claims.

I acknowledge the duty to disclose information which is material to the examination of this application in accordance with Title 37, Code of Federal Regulations Art. 156(a).

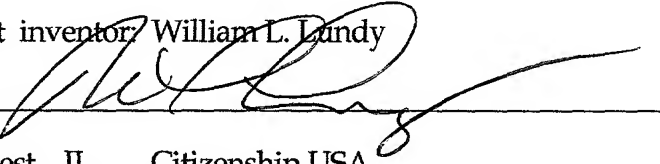

I claim the benefit under Title 35, United States Code, Art 119(e) of United States Provisional Application; Application Number 60/256,534, Filed 12/18/2000; For: In Situ Subsurface Decontamination Method and, insofar as the subject matter of each of the claims of this application is not disclosed in the prior United States application in the manner provided by the first paragraph of Title 35, United States Code, Art. 112, I acknowledge the duty to disclose material information as defined in Title 37, Code of Federal Regulations Art. 156(a) which occurred between the filing date of the prior application and the national or PCT international filing date of this application.

### POWER OF ATTORNEY AND DECLARATION OF TRUTHFULNESS

I appoint Robert Kemp, Registration No. 48,819 and John G. Premo, Registration No. 17,889 to prosecute this application and transact all business in the Patent and Trademark Office connected therewith. I direct all correspondence be sent to Robert F. Kemp, P.O. Box 557700, Chicago, IL 60655-7700 Telephone 708 346 9800 Fax 708 346 9899

I declare that all factual information and statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true. Also, these statements were made with the knowledge of the penalties set forth in Title 18 United States Code Art. 1001. I further understand that such false statements may jeopardize the validity of the application or any patent issuing thereon.
